

Shed Replacement Project - Implementation Phase

A huge THANK YOU to **Alan Grace** who has yet again secured funds for the construction of the new storage building. To add to the £5,000 he secured recently, this time it's a **£8,000** grant from Harpenden Trust !!

I'm delighted to say we now have all the funds needed to complete the project !!!

This project was started in December 2016 with the task of replacing the current shed with a bigger building that could be mainly used for drying tents after camp. It has taken many meetings, planning application preparation, head scratching and fund raising but we can now start to build our replacement shed.

Building work will start over the next few months.

Andy Wrentmore
